3. The following is an examiner's statement of reasons for allowance: The closest prior art is WO 9965870. The reference on Table 1, pages 24-36, and 33-36, and example 54 on page 156, disclose some of the compounds which are structurally similar to those claimed herein. However, the reference compounds have sulfonamide groups in them, which instant claims do not have. Example 54, contains "BOC" group, and no ester or carbamic acid is contemplated in herein. Thus there is no motivation to arrive at the claimed compounds, using the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
